CART is a referencing and mapping tool
to help answer the question –

“How is HUD investing in my community?”

<https://egis.hud.gov/Cart/>

CART

The tool provides a snapshot of investments, including data on:

- CPD competitive and formula grants
- Rental assistance – HCV's, Public Housing properties
- Housing counseling
- Signature programs – Promise Zones, SC2, and RAD
- Census demographic information.

Possible questions you might ask, that CART can answer

How many HCV's are there...?

How many residents use rental assistance?

Do many residents have FHA-insured mortgages?

Are there existing grants, or signature programs in place?

Scenario

Gary City, Indiana

Housing information – rents and home prices

Compare to family income

Conclusion - # of families spending over 30% and 50% on housing
